## Independent School District

### Pest Management Policy For Staff & Teachers

This District prohibits the possession, storing, or application of any kind of pesticide on school premises or as part of any of the District's activities by unauthorized personnel.

A pesticide is defined as a substance or mixture of substances intended for destroying, repelling, or mitigating any pest (this includes items like glue boards, fly traps, and cans of household insecticides). A pest is any living thing that exists where it is not wanted (as defined by the School IPM Regulation).

If you would like a copy of the district's IPM policy statement, this can be found in the Superintendent's office or with the district's IPM Coordinator, \_\_\_\_\_.

Employees who violate this prohibition shall be subject to disciplinary sanctions.

I have read and received a copy of this policy.
